## The Course

"The changes have achieved a great boost to the challenge of this golf course. The improvements have created an opportunity for a real challenge if the course is played from the back tees, while the introduction of different tees (championship, members, seniors and ladies) will allow all levels of golfers to participate in competitions.

The whole feel of the course has been modernised with shaping (fairways, grassy mounds, bunkers, trees and rocky water hazards) all adding a visual, as well as a challenging flow to the course."

Hermanus Golf Club was formed in 1907 and its original 9-hole course doubled in size to a full 18 holes in 1937. Robert Grimsdell remodeled these in 1952 and that's how things were on the golf course for the next 50 years, with housing constructed in stages around the perimeter of the property.

All that changed in 2004 when Fernkloof Estate, the residential arm of the golf club, embarked on a plan to build over 300 properties in and around an adjacent parcel of land, with respected architect Peter Matkovich weaving an additional 9 holes into the design (as well as upgrading the original 18-hole layout). The original and best layout consists of holes 1-18 and is now called the East course. Holes 19-27 and 1-9 are known as the North course, and holes 10-18 and 19-27 form the South course.

The Estate is home to one of the top ranked golf courses in South Africa, with pristine grass, tricky sand traps and challenging water hazards. Designed by Peter Matkovich, the golf course has been enjoyed by celebrities such as Samuel L. Jackson and professional golfers like Ernie Els and Gary Player.

The fabled 18-hole, Par 72 Championship course has consistently been ranked in the top 10 courses in South Africa. The 8th hole has been described as one of the most beautiful par 5's in South Africa and the 18th hole was rated one of the finest finishing holes in the country.
